Bitcoin at the register

A quick guide for staff. Keep it by the till.

1. **Ring up the sale**
   the usual way, in dollars.
2. **Open your bitcoin payment app**
   and make a charge for the total.
3. **Turn the screen so the customer**
   can scan the QR code.
4. **Hand over the order**
   once your app shows the payment as paid.
5. **Refund or problem?**
   Follow your payment app's own steps.

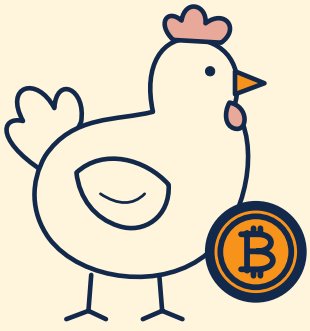

Most payment apps convert dollars for you, so you never set a bitcoin price.
